

Sep 1, 2019

Dear Sir or Madam,

As a consultant of Roland Berger, I am writing this letter of recommendation in support of Miss Yueqi Feng, who interned under my supervision from August 2019 to September 2019. During her internship, I have opportunities to fully understand her competence and talent. The deep impression she left me convinces me that she will do well in her future career.

While working under my supervision, Yueqi has left me a deep impression with her outstanding theory application skill, strong intellectual curiosity and quick absorption ability. She could apply the theoretical knowledge she learnt into practical work. When encountering difficulties, she would consult with other colleagues modestly. As a green hand, she had done admirable work in tasks arranged to her, such as drawing up development strategies, making marketing plans, designing product development calendar and developing expansion plans for clients. I believe without consolidated academic foundation and diligence, these will be missions impossible for her to get these achievements.

Yueqi was also a kind and responsible young lady who enjoys immense popularity. Her high-quality work combined with an unassuming attitude makes her someone that people could approach. She also did not hesitate to help others, even if it was not in her area of responsibility. She definitely had the effect of lightening up our working atmosphere with her smiles and quiet encouragement and gained her high praise from colleagues who worked with her.

It is my sincerest wish that you will accept her application for your position. Should you have any doubt or want any further information about her, please do not hesitate to contact me directly.

Yours Sincerely,

Jasmine Qin

Consultant
